

Green Building & Architecture Behind-the-Scenes Tour

Please join the ASCE/APWA Sustainability Committee for a tour of the green features at the **California Academy of Sciences** (55 Music Concourse Drive San Francisco, CA 94118)

The building is an exhibit in itself! Spend an hour going behind the scenes to learn what makes us the greenest museum on Earth. Discover what makes the Living Roof so green (hint: it's more than plants), what makes our building's construction so special, and how the collections are maintained in a sustainable way.

What's Included in a Behind-the-Scenes Tour:

- One-hour guided tour
- Behind-the-scenes access
- Express entry into the building
- VIP entrance to the Osher Rainforest
- Express entry into the *Earthquake* simulator
- Reserved space in the Planetarium
- 10% discount in Academy Café and The Terrace Restaurant
- 10% discount at the Academy Store, Lab Junior, and the Aquarium stores

Details

- **Sun, August 6, 2017**
- **\$52 per person** (15% discounted general admission is **included**)
- **10:00 AM**
- *Guests must be age 8 or older to participate, and strollers are not permitted. Guests between the ages of 8 and 17 must be accompanied by an adult. If the size of the group is over 14, we will have staggered tour start times at 10:00 and 2:00.*
